

LINK AND LAUNCH

Got a plan for after school with work or study?

Leaving school after graduating from Year 12 can be both exciting and scary. There are a lot of opportunities for study, work and training but it can be confusing to work out what you want to do and how to make it happen.

The Link and Launch program is a Queensland Government funded initiative to assist graduates who want to secure **WORK, STUDY or TRAINING**. Your local Link and Launch Officer will assist you one-on-one to navigate a range of post-school options in line with your individual goals, skills and strengths. With local industry connections and up to date knowledge on available funding and support for youth, they will ensure you are successfully linked to your future pathway. The program is voluntary, confidential, tailored to your schedule and completely free!

Who can attend?

You can! Any recent year 12 graduate (having graduated within the past 3 years), if you are looking for support to enrol in further study or training or to find a job – then you are eligible to access this free service.
